## OUR HISTORY

The Public Kitchen & Bar was created to elevate the casual dining experience while keeping a ‘public’ sensibility. This means sourcing the very best ingredients available and serving them in a stylish, casual environment. We believe quality food and service in beautiful restaurants shouldn’t just be reserved for “fine dining.” The Public Kitchen & Bar maximizes style inspired by iconic, classic mid-century modern design bringing vibrancy to its landmark location. The restaurant resides in what originally was the garden of 3 West Liberty Street, the home that the Knights of Columbus have used as their headquarters since 1923. Originally constructed as retail space to provide income to the Knights of Columbus, it has been home to many different shops over the years including food markets, a pharmacy, retail spaces, and after a significant renovation in 2012, opened as The Public Kitchen & Bar.
